Please find the details for our service and total charges involved in the Admission for the masters programs in Public Universities.

Step 1: University admission Process

Documentation and scrutinizing of submitted documents before application to specific universities Preparation of the motivation letters for the different courses. Each of these letters must be unique and must be addressing the exact requirements of the university including student's background, Studies, how this student is the best fit for the master's program chosen, what the future plans are after the masters. Depending on the profile of the students we are good in categorizing the options available for a student at a specific time and intake period. Also we look upto the support of the student in helping him or her for getting the best available options for each specific profile.

Applications to different Universities for admission for the master program.

Following up of the admission procedures and getting timely updates from the Universities Finally getting admission for masters in one of the preferred field.
